

DURBAN CHAMBER OF COMMERCE AND INDUSTRY

ECONOMIC AFFAIRS FORUM MEETING

The Recycling Value Chain discussion
with our local leading economists: Urban-Econ

To maximise the diversion of waste from landfills in order to maximise the opportunities along the value chain within the context of eThekweni's legislated obligations"

Join us as we discuss The Recycling Value Chain with our local leading economists:
[Urban-Econ](#):

Urban-Econ Development Economists has been commissioned by eThekweni Municipality's Economic Development and Investment Promotion Unit (ED&IPU) and Cleansing and Solid Waste Unit (also referred to as Durban Solid Waste or DSW) to undertake a recycling value chain analysis for eThekweni.

The ultimate purpose of this research is to examine the status quo of cardboard and paper, glass, building waste, e-waste, tyres, metals, cans, and plastic recycling in eThekweni across their value chains. The research will determine practical and relevant interventions that will:

- Enhance the management and recycling of waste
- Provide support to the formal waste recycling sector
- Improve the livelihoods of informal recyclers
- Enhance the collaboration between spheres in the eThekweni Municipality
- Ultimately stimulate economic development through the creation of a robust recycling sector
- Provide employment opportunities in both the formal and informal sectors

Wednesday, 15 July
09:00 - 11:00

This Session is Offered Free of Charge

**Venue: Durban Chamber Conference Centre,
Lion Match Office Park
892 Umgeni Road**
